# Minutes

Meeting title: Internship- Day 10

**Date + Time:** 7/5/24 11:30 am

**Location:** Jain University, FET 102

| Attendees: | Agenda |
|---|---|
| Host: Mr Akash Das | |
| Participants: AI&DE Batch | 1.Familiarizing with MySQL group by, built-in and aggregate functions. |
| **Absentees:** | 2.Understanding the working of MySQL joins. |

| Session Objectives | Key takeaways |
|---|---|
| 1.Interpret the results of queries involving group by, built-in functions, and aggregate functions. | 1.Aggregate functions like SUM, AVG, COUNT, MAX, and MIN provide valuable summaries of grouped data. |
| 2.Explain why joins are necessary for working with data across multiple tables. | 2.This allowed the intern's to analyze data based on specific groups, leading to a more concise and informative view of your data. |
